

YEAR 10 - 2022

ELECTIVES SELECTION FORM

Student name: _____

Please refer to the **Virtual Information Session** for information about year 10 subjects in 2022.

In Year 10 each student participates in the following compulsory subjects: Pastoral Group, Religious Education, Positive Education, English, Mathematics, Science, Humanities & Physical Education/Health.

Each student will also study 4 semester length elective units, 2 in semester one and 2 in semester two. If you study Japanese Second Language, a VCE subject with units 1&2 or a VET Certificate, it will count as 2 elective units, 1 in each semester.

Students will be allocated to elective units based on the preferences listed on this form, therefore number your first preference as 1, second preference as 2 and so on up to number 8. The choice of elective units that run are subject to the following constraints:

- The number of students electing to study the elective unit.
- The way elective units are blocked against each other, as a result of student choice.
- The availability of teachers and specialist classrooms relevant to each elective unit.
